SUMMARY

A motivated self-taught Front-end Developer with one plus years hands on experience. I am searching for a position and opportunity to further enhance and develop my skills and understanding in web technologies such as HTML, CSS, JavaScript ES6+, to exploit opportunities and implement solutions to meet commercial business needs with a focus on optimising interactive, user-friendly and feature-rich websites from inception to completion.

This is a field which complements my studies and in which I am keen to gain more experience in, as such I am now approaching businesses who would be willing to offer me a placement in their development team. In return, I would offer my full commitment and enthusiasm. I have a great work ethic and ability to work under pressure and meet deadlines.
